THEME & VALUE OF THE MONTH JANUARY :

PERSEVERANCE AND ACCOUNTABILITY : KEYS TO SUCCESS

Dear Parents,

Welcome to the latest edition of our school newsletter! As we move further into the term, it's wonderful to see our school community continuing to grow, achieve, and support one another. This edition highlights recent events, student accomplishments, upcoming activities, and important announcements.

Perseverance and accountability are two essential values that shape not only academic success but also personal growth and character.

Perseverance is the determination to keep going, even when tasks feel difficult or progress seems slow. In school, students demonstrate perseverance when they tackle challenging subjects, revise for exams despite setbacks, and continue practising until they improve. Every mistake becomes a learning opportunity, and every obstacle becomes a stepping stone toward growth. When students persevere, they build resilience, confidence, and the belief that effort leads to achievement.

Equally important is accountability - taking responsibility for one's actions, choices, and commitments. Being accountable means completing assignments on time, being honest about mistakes, respecting school rules, and understanding that our actions affect others. Accountability fosters trust between students, teachers, and families, and helps create a positive and supportive learning environment.

Gratitude for the grit and vision that started it all. Happy Founder's Day!
