

NEWSLETTER

JULY - 2026

Dear Parents,

We are pleased to share the latest edition of our school St. Peter's Model School - SPMSREVIEW, our newsletter. Inside, you will find highlights from recent events and activities, important announcements and key dates for the weeks ahead. This initiative sought to instill in our students a profound respect of every form of work and appreciation of the invaluable contributions made by individuals across diverse professions.

Theme : A Month of Learning, Unity and Teamwork

**ST. PETER'S
MODEL SCHOOL**
EXCELLENCE IN ALL

**GLOBAL
COLLABORATION,
LIMITLESS IMPACT**

Our Principal,
Dr. Vidya Sravanthi
signed a **Memorandum of Understanding (MoU)**
with **Gimcheon University, South Korea**,
strengthening our commitment to global education
and meaningful international partnerships.

MOU SIGNING CEREMONY
16th (Thu) Place: Grace Hall, Gimcheon University

Connected Today. Inspiring Tomorrow

Global Collaboration with Gimcheon University, South Korea. The MOU for SPMS was signed by our Founder- Director, Dr. Vidya Sravanthi madam on her visit to South Korea.

HIGHLIGHTS OF THE MONTH: LEARNING BEYOND THE CLASSROOM

Investiture Ceremony – A Celebration of Leadership and Responsibility

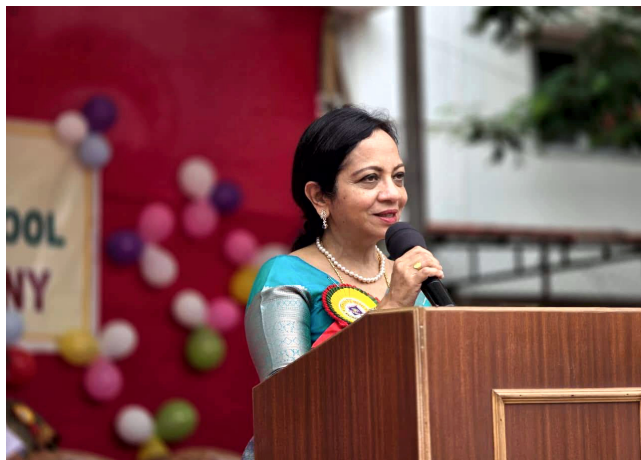

The Investiture Ceremony is one of the most significant events in the school calendar, marking the formal appointment of the newly elected student leaders. It is a celebration of leadership, responsibility, discipline and the spirit of service.

The ceremony commenced with a warm welcome to the dignitaries, teachers, parents and students. The newly appointed Student Council members proudly took the oath of office, pledging to uphold the values, traditions and dignity of the school. The badges and sashes were presented to the young leaders, symbolising the trust and responsibility entrusted to them.

The presence of the principal and senior members of the school added grace and significance to the occasion. In her inspiring address, the principal encouraged the student leaders to lead by example, remain committed to their duties and work together with empathy, integrity and dedication.

The ceremony served as a reminder that true leadership is not about authority but about **service, responsibility and inspiring others**. The newly invested leaders expressed their commitment to contributing positively to the school community and making the academic year meaningful and memorable.

The Investiture Ceremony concluded with a renewed sense of pride and enthusiasm as the young leaders stepped forward to shoulder their responsibilities and lead with confidence, compassion and purpose.

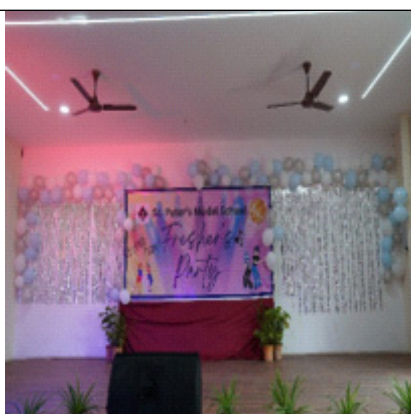

Freshers' Party – A Memorable Welcome to Grade 11

The Freshers' Party for Grade 11 was a vibrant celebration filled with excitement, laughter and camaraderie, thoughtfully hosted by the Grade 12 students. The event marked a beautiful beginning for the new academic journey of the Grade 11 students and provided an opportunity for both grades to bond and create lasting memories.

The programme began with a warm welcome extended to the Grade 11 students by their seniors. The Grade 12 students organised a variety of engaging activities, fun games, music and entertaining performances that kept everyone enthusiastic throughout the celebration. The lively atmosphere reflected the creativity, confidence and teamwork of the student hosts.

The event also provided a wonderful platform for the Grade 11 students to showcase their confidence and talents. Their enthusiastic participation added energy and joy to the occasion. The interactions between the two grades fostered friendship, mutual respect and a strong sense of belonging.

The Freshers' Party was more than just a celebration—it was a meaningful opportunity to build connections, welcome new beginnings and strengthen the bond between the senior and junior batches. The day concluded with smiles, laughter and cherished memories, setting the perfect tone for a year of learning, friendship and togetherness.

The Jolly Phonics team from London, including Sara Wernham, visited the pre-primary section of St. Peter's Model School. Our tiny tots enthusiastically showcased their Jolly Phonics skills, impressing the visitors with their confidence, phonetic knowledge, and joyful participation.

The visit celebrated our young learners' progress in early literacy and highlighted the importance of nurturing strong reading and language skills from an early age.

Career Counselling: Guiding Students Towards a Brighter Future:-

Choosing the right career is one of the most important decisions students make during their senior secondary years. To help students of Grades 11 and 12 make informed and confident choices, a **Career Counselling Programme** was organised at the school. The session provided students with valuable guidance on various career pathways, higher education opportunities, entrance examinations, and the skills required to succeed in today's competitive world.

The counselling session encouraged students to understand their **strengths, interests, abilities, and aspirations** before making career decisions. Students were introduced to diverse career options beyond the conventional choices and were guided on selecting courses and institutions based on their individual potential and future goals.

The session also focused on the importance of **goal setting, effective decision-making, time management, and continuous skill development**. Students had the opportunity to clarify their doubts and gain greater awareness about the academic and professional opportunities available to them.

The programme served as an enriching experience, empowering students to look beyond academic scores and recognise their unique talents. It encouraged them to approach their future with **clarity, confidence, and purpose**, reminding them that the right career is not merely about choosing a profession, but about discovering a path where their passion and potential can come together.

Fitness Day: Celebrating the Joy of Being Active

Fitness Day was celebrated with great enthusiasm to promote the importance of physical activity, healthy habits, and overall well-being among students. The day was designed to make fitness enjoyable and encourage students to understand that staying active is an essential part of a healthy and balanced lifestyle.

Students participated in a variety of engaging activities such as **warm-up exercises, stretching, yoga, fun fitness drills, relay activities, and team-based games**. These activities encouraged students to work together, develop coordination, improve stamina, and appreciate the value of teamwork and sportsmanship.

Special emphasis was placed on the importance of **regular exercise, proper nutrition, adequate rest, and maintaining a positive attitude**. The activities created an energetic and cheerful atmosphere while motivating students to incorporate physical activity into their daily routines.

Fitness Day was not just about competition; it was an opportunity for students to **move, participate, enjoy, and learn**. The celebration reinforced the message that fitness is a lifelong habit and that a healthy body and healthy mind together contribute to a happy and successful life.

Elocution Competition: Giving Voice to Ideas

An **Elocution Competition** was organised for the students with the aim of developing their public speaking skills, confidence, expression, and ability to communicate ideas effectively. The event provided students with a platform to express their thoughts and opinions before an audience with clarity and conviction.

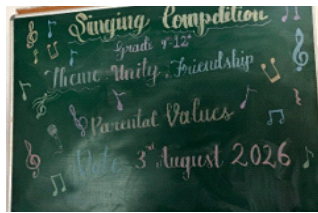

Students participated enthusiastically and presented their speeches on a variety of thought-provoking topics. They demonstrated **excellent articulation, pronunciation, voice modulation, expression, and stage presence**. The competition also encouraged students to think independently, organise their ideas effectively, and present them in a structured manner.

The participants were assessed on parameters such as **content, fluency, confidence, pronunciation, expression, and overall presentation**. The enthusiastic participation and confident performances reflected the students' preparation and commitment.

The competition proved to be an enriching learning experience, helping students overcome stage fear and strengthening their communication skills. It reinforced the belief that **effective communication is not just about speaking, but about making your voice heard with confidence and purpose**.

Singing Competition: Celebrating the Melody Within

A Singing Competition was organised to provide students with a vibrant platform to showcase their musical talent, creativity, and confidence. The event witnessed enthusiastic participation, with students presenting a variety of melodious performances that created an atmosphere of joy and celebration.

The participants displayed impressive vocal skills, rhythm, pitch, expression, and stage presence. Each performance reflected the students' dedication, practice, and passion for music. The competition also encouraged students to appreciate different forms of music while developing confidence and creativity.

The participants were assessed on parameters such as voice quality, sur, taal, expression, rhythm, presentation, and overall performance. The event provided students with an opportunity to overcome stage hesitation and perform confidently before an audience.

The Singing Competition was a memorable celebration of talent and creativity, reminding everyone that music has the power to inspire, connect, and bring people together.

TC WOW: Turning Waste into a Resource

As part of the **ITC WOW (Well-Being Out of Waste) initiative**, our school actively engaged students in promoting responsible waste management and environmental consciousness. The initiative focused on creating awareness about the importance of **segregating waste, reducing waste generation, recycling, and reusing materials**.

Students were encouraged to understand that waste is not merely something to be discarded, but a resource that can be managed responsibly. Through awareness activities and collection drives, students learned the importance of separating recyclable materials such as **paper, plastic, and other dry waste** from general waste.

The initiative also highlighted the role of every individual in keeping the school and community clean. Students were encouraged to adopt simple yet meaningful practices such as **using resources wisely, avoiding unnecessary wastage, reusing materials, and choosing sustainable alternatives**.

The ITC WOW initiative transformed waste management into a learning experience and inspired students to become responsible environmental citizens. It reinforced the message that **small actions, when taken collectively, can create a cleaner, greener, and more sustainable future**.

Where imagination takes shape and ideas come alive

A drawing and painting competition was conducted in our school to encourage students to express their creativity and imagination through art. The event provides a joyful platform for students to showcase their talent beyond academics.

It is being conducted to help students develop artistic skills, observation, and creative thinking. Such activities also make learning more enjoyable and balanced. It also inspires originality and gives students a chance to relax and express their ideas freely.

The Art of Speaking, The Joy of Reciting

Our school organized an English Recitation Competition to provide students with an opportunity to express themselves confidently and creatively. This competition encouraged participants to present poems with clarity, expression, and enthusiasm, making learning both enjoyable and meaningful.

Recitation helps students improve their pronunciation, voice modulation, memory, and public speaking skills. It also enhances their confidence, language proficiency, and appreciation for literature while helping them overcome stage fear.

Through such enriching activities, the school continues to promote holistic development by nurturing communication skills, creativity, and self-expression. These experiences inspire students to discover their potential and become confident, effective communicators.

The Power of Trust, Teamwork, and Well-Being

As part of our commitment to nurturing students' emotional and social well-being, an engaging well-being session was conducted using the **Fish Fest Game**. Through this interactive activity, students discovered the importance of trust, teamwork, communication, and mutual respect.

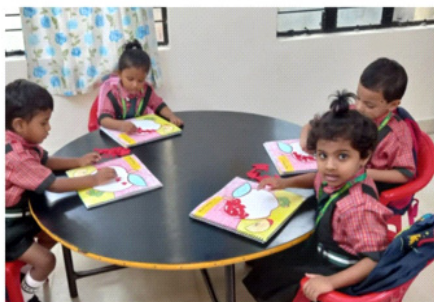

The session encouraged them to understand how every individual plays a vital role in a community. Students learned to build healthy relationships, cooperate with others, appreciate different perspectives, and make thoughtful decisions while working together. The game also highlighted the values of empathy, responsibility, and positive interaction, helping students develop essential life skills needed to live confidently and harmoniously in society.

The activity served as a meaningful reminder that strong relationships, kindness, and collaboration are the foundation of a happy and well-balanced life.

Highschool Assembly on Team Work and Ancient Civilization

Bit Pasting and "Show and Tell " Competitions

Fancy Dress Competition 2026- Conducted for Grades 3 to 5

Tree Plantation Drive – "Ek Ped Maa Ke Naam"

St. Peter's Model School, Nacharam, organized a tree plantation drive under the campaign "Ek Ped Maa Ke Naam." A total of 48 second-year NCC cadets and SSC high school students actively participated in the programme by planting saplings within the school campus and spreading the message of environmental conservation.

The activity encouraged students to contribute towards a greener future while expressing love and gratitude to their mothers through nature.

The programme was conducted successfully with great enthusiasm, instilling a sense of responsibility towards protecting the environment among students.

Gardening Activity done by Preprimary students

Wellness activity on 21st century skills conducted for middle school students at UK Auditorium

Alumni Pride: Celebrating Our Achievers

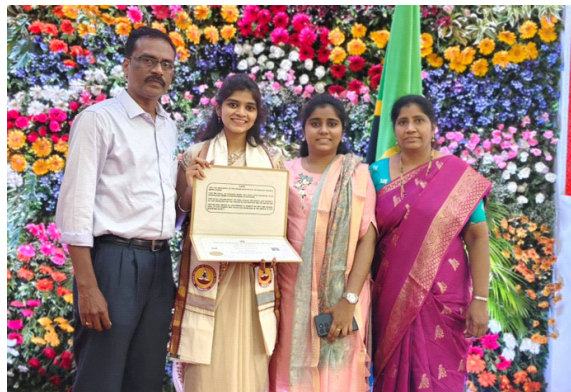

We extend our heartfelt congratulations to our student, Chetan Puli (2022–23 CBSE Batch), on achieving an outstanding milestone in his academic journey.

- JEE Main: 97.3 Percentile
- JEE Main Rank: AIR 40,000 (Open) | AIR 12,000 (OBC)
- JEE Advanced Rank: AIR 18,000 (Open) | AIR 5,000 (OBC)

Secured admission to B.Tech in Materials Engineering at IIT Jodhpur (2026–2030)!

Chetan's success reflects the power of determination, disciplined preparation, and the strong academic foundation built during his time at our school. We are immensely proud to have been a part of his journey and wish him continued success as he embarks on this exciting new chapter at IIT Jodhpur

Our student Nalli Priyanka, grade 10, 2018 passed out batch 2018, completed her MTech in the prestigious IIT MADRAS, She has expressed her gratitude towards SPMS for giving her the strong foundation that has helped her to achieve her desired degree in one of the prestigious Universities in India.

Apex Spell Bee Competition

We are proud to share that **Tanmay of Grade 10** showcased his exceptional vocabulary and spelling skills at the **Apex Spell Bee Competition**, securing an impressive **6th place**. His achievement reflects his dedication, confidence, and commitment to excellence. We congratulate Tanmay on this wonderful accomplishment and wish him continued success in all his future endeavours!

STUDENT CORNER:

The **Student Corner** is a celebration of our students—their creativity, curiosity, talents and achievements. It provides a platform for young minds to express their ideas, showcase their skills and share their experiences. Through poems, artwork, stories, achievements and thoughtful reflections, this section captures the vibrant spirit of our school community.

“Alone we can do so little; together we can do so much.” — Helen Keller

July unfolds with an inspiring theme—“Ancient Civilisation and Teamwork”—inviting us to travel back in time and discover how cooperation, shared responsibilities and collective vision helped build some of the world’s greatest civilisations. As we explore the remarkable achievements of our ancestors, we are reminded that every great accomplishment begins with people coming together, sharing their strengths and working towards a common goal.

This month, let us celebrate the spirit of teamwork, unity, creativity and collaboration, while drawing inspiration from the wisdom and achievements of the ancient world.

What Our History Textbooks Never Taught Us

When most of us think about ancient history, we think about heavy textbooks filled with boring accounts of dead kings, endless dates and facts to memorise for the exams. But history doesn’t have to be boring;

in fact, it can be fascinating- especially when you think about discovering lost cities and treasures. We can also learn how humans survived long before the existence of technology or even electricity. Cities beneath the waves-When we think about cities, we think about modern lifestyles, convenience and tall skyscrapers. But what if I told you a busy city sank beneath the ocean 1,200 years ago just because of an earthquake?

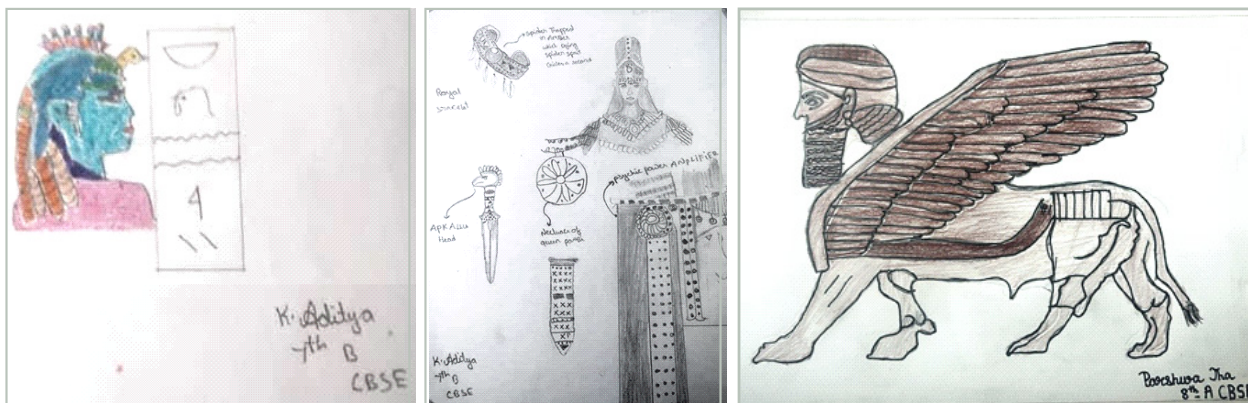

Thonis-Heracleion was one of Egypt’s busiest ports. Then, after an earthquake struck, the entire city sank to the bottom of the Mediterranean Sea. When marine archaeologists discovered it underwater in 2000, they didn’t just find statues and inscriptions; they found everything frozen in time: tiny perfume bottles, handheld mirrors, and dinner plates left behind by family before the city vanished. Now just try to imagine your city sinking into the ocean because of an earthquake. Surviving without technology-Imagine we do not have our modern-day technology, such as phones and gaming consoles; we would be so bored. But humans in ancient times developed many ways to keep themselves entertained. Board games such as Senet were played long before the existence of video games. Senet was a very popular and widely played game among

everyone. Communities also enjoyed live drama, recitation of poetry, dancing and playing music. Elders told children myths, legends and taught important traditions.

By all this, we understand that history is not just a list of dates to memorize for tests; it’s the story of people who lived during those times, people who loved playing board games and passed down traditions and people who built incredible civilizations without any technology we rely on today. Next time we open a history textbook, let us remember: beneath those dates and boring information are lost worlds waiting to be discovered and forgotten voices waiting to tell their stories.

Guiding Pen

“Alone we can do so little; together we can do so much.” — Helen Keller

A child’s first school is home. Long before formal education, children learn language, behaviour, values, and empathy by observing those around them. More than words, it is actions that shape their understanding.

As teachers, we often speak about teamwork, unity, and cooperation. We encourage students to respect and support one another. But we must also ask ourselves whether we reflect these values in our own conduct.

Lessons are most effective when they are demonstrated, not just delivered.

Students constantly observe their teachers. How we interact, resolve differences, and work together quietly teaches them what collaboration truly means. When educators function as a cohesive team, students learn the value of unity in practice.

Constructive competition has its place when it encourages growth and excellence rather than division. A school thrives when teachers recognize each other’s strengths, share ideas, and celebrate collective success.

The professional relationships among teachers directly influence the school environment. A culture of trust and mutual respect fosters a safe, positive, and motivated learning space, shaping not only academic outcomes but also character and values.

Teachers are silent role models. Students may forget lessons from textbooks, but they remember how we behaved, collaborated, and responded to challenges.

If we wish to nurture a generation that values unity and teamwork, we must embody these principles ourselves. Our actions must reinforce our words, making cooperation a lived experience within the school.

Ultimately, the most lasting lessons are not always taught—they are observed and lived
